

Serial No.: 09/077,005

Atty. Docket No.: 10517/P62045US0

Pb cont.
mat with said slurry, whereby said slurry sets to the form of a cured, fibre reinforced shape [form].

~~29~~57 (twice amended). A method of using [the] an inorganic resin composition [according to claim 29] comprising incorporating said composition as a binder into a coating or surfacing agent, said composition comprising in combination, as component A an acidic aqueous solution of metal phosphate containing phosphoric acid, as component B an oxy-boron compound, and as component C a wollastonite compound.

D7
~~30~~58 (amended). A method of using [the] an inorganic resin composition [according to claim 48], which composition comprises, in combination, as component A an acidic aqueous solution of metal phosphate containing phosphoric acid, as component B an oxy-boron compound, and as component C a wollastonite compound, and which composition further comprises a fibre selected from the group consisting of metal fibre, organic fibre, and non-metal inorganic fibre, said method comprising incorporating said cured prepreg shape into a coating or surfacing agent.

REMARKS

The claims presented for reconsideration are claims 29-59.

The instant amendment is the same as the previously filed amendment, except that claims 51, 52, 57, and 58 are written, hereby, as independent claims, and claims 60-65 are cancelled, hereby; which, as applicants understand the advisory action,

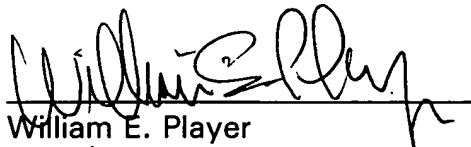

Serial No.: 09/077,005
Atty. Docket No.: 10517/P62045US0

overcomes all remaining issues, including the rejection under 35 USC 112, second paragraph, and places claims 29-59 in form for immediate allowance.

Favorable action is requested.

Respectfully submitted,

JACOBSON, PRICE, HOLMAN & STERN, PLLC
